TORMIN BW6610B Multifunction LED Explosion Proof Work Light

Ex marking: Ex db eb mb IIC T6 Gb
Ex tb IIIC T80°C Db

Magnetic adsorption

Charger

LED light source(CREE)

Application

This product is suitable for construction work, accident rescue, line, equipment inspection, maintenance and various flammable and explosive places as mobile lighting

Characteristics

- Free switching between spotlight and floodlight modes. When the lamp is working, press and hold the switch for 3 seconds to switch;
- The bottom of the lamp has a strong adsorption function, which can be easily adsorbed on all kinds of pipes and cabinets. The adsorption force is much higher than similar products.
- The irradiation angle can be adjusted arbitrarily within the range of 135 degrees.
- Using CREE light source, strong light power of 13 watts;
- Stainless steel 304 externally coated silicone rubber handle, long-time carrying will not hurt your hands;
- The protection level reaches IP66, which can effectively resist heavy rain;
- When the lamp is off, long press for two seconds to automatically detect the power, flash 5 times for full power, flash 4 times for 80% power, and so on.

Main Specification

Specification		Unit	Spot/ Flood Mode
Wattage of light source		W	13
Rated voltage		V	22.2
Rated capacity		mAh	2600
Light output	High	lm	1500
	Low	lm	900
Continuous runtime	High	h	8
	Low	h	15
Recharge time		h	⩾6
Service life of battery		times	≈1000
Dimension		mm	151×131×272
Net weight		Kg	1.5
